

2FS72M – 2" x 72" BELT GRINDER

Built for serious fabrication work.

When your shop demands performance, the Kalamazoo 2FS72M delivers power, precision, and durability shift after shift.

Engineered for fabrication, metal fabrication shops, and welding fabrication, this industrial grinder is one of the best tools for any operation that values quality and uptime.

WHY SHOPS TRUST THE 2FS72M

- Made in the USA – Designed and built for rugged industrial use.
- Powerful motor options – 1/2 HP or 1 HP single-phase for continuous workloads.
- Fast belt changes – Keep production moving with minimal downtime.
- Compact, durable design – Built to fit busy fabrication floors and withstand years of grinding.
- Precision results – Delivers clean, consistent finishes across metal types.

APPLICATIONS

- Metal fabrication and welding cleanup
- Tool and die maintenance
- Deburring and edge finishing
- Knife and blade sharpening
- Production grinding and part preparation
