Kalamazoo Industries 2FS 2 x 48 Inch Industrial Belt Sander

Powerful. Versatile. Built to Last.

Product Overview

The Kalamazoo Industries 2FS is a rugged 2" x 48" industrial belt sander designed for heavy-duty sanding, deburring, and finishing applications. Built with durability and performance in mind, this sander is ideal for metalworking, fabrication, and maintenance shops.

Note: Motor not included.

Key Benefits

- Heavy-duty construction for industrial environments
- Compact footprint for bench or pedestal mounting
- Quick belt changes for increased productivity
- Use your own motor and pulley to control the belt speed to suit your application.

Built for Flexibility

From fine detailing to aggressive material removal, the 1SMVP handles it all:

- Blade sharpening
- Rust removal
- Material blending
- Flatwork and contour sanding
