

K7B 7" INDUSTRIAL ABRASIVE CHOP SAW

Compact Power. Precision Cuts. Built to Last.

The workhorse your shop needs for fast, clean cuts through mild steel, rebar, and pipe.

WHY CHOOSE THE K7B?

Powerful 1 HP Motor – Delivers 4,800 RPM for fast, efficient cuts through tough materials.

Compact & Portable – Perfect for shops with limited space. Easy to move where you need it.

Heavy-Duty Construction – Cast iron base and aluminum arm built to withstand daily production use.

Precision Features – Adjustable work stop and down stop for repeatable, accurate cuts every time.

Plug & Play – Runs on standard 115V power. Ready to work out of the box.
