Upgrade Your Workshop with the Kalamazoo 1SMVP Belt Sander

If you're looking for a compact, reliable, and versatile sanding solution, the Kalamazoo 1SMVP 1" x 42" Multi-Position Belt Sander is a standout choice for both metal and woodworking applications.

Built for Performance and Flexibility

This sander features a multi-position sanding head, allowing you to adjust the angle for better control and comfort. Whether you're deburring metal, smoothing wood, or sharpening tools, the 1SMP delivers consistent, professional results.

Key Features

- 1/3 HP motor – powerful enough for both wood and metal
- Adjustable sanding head – tilts from vertical to horizontal
- Spring belt tension system – smooth operation and quick belt changes
- Adjustable steel work table – tilts from 0° to 45°
- Compact benchtop design – ideal for small shops
- All-steel construction – made in the USA

Optional Add-Ons

Enhance your setup with accessories like the knife maker's platen and reverse belt direction control for even more precision and control.
