KALAMAZOO S14D BELT SANDER

14 X 103 INCH DRY VERTICAL ABRASIVE BELT SANDER

ENGINEERED FOR SHOP PRODUCTIVITY

THE KALAMAZOO S14D IS BUILT FOR SHOP OWNERS AND OPERATORS WHO DEMAND POWER, PRECISION, AND PRODUCTIVITY. WITH ITS 14" X 103" BELT AND 20 HP MOTOR, THE S14D TACKLES HEAVY SANDING, DEBURRING, AND FINISHING JOBS WHILE REDUCING DOWNTIME.

KEY FEATURES, BENEFITS & PRODUCTIVITY

Features	Description
Belt Size	14" × 103" — large surface coverage for big parts
Motor / Power	20 HP, 3-phase TEFC motor — continuous duty capability
Belt Speed	≈3,500 SFPM — fast material removal and smooth finishes
Tensioning	Air system (0–55 PSI) — quick belt swaps reduce downtime
Controls	24 V magnetic controls with jog & tracking — safe & simple
Work Surface	14" × 32" cast iron table with tilt — versatile positioning
Dust Port	6" connection — integrates with external dust collection systems
Productivity Gain	Shorter cycle times mean more throughput per shift
Quality Benefit	Consistent finishes reduce costly rework and scrap
ROI Impact	Lower cost per part and higher output improve profitability
Country of Origin	Made in USA

6 in. port for external dust collection hookup

INDUSTRIES THAT BENEFIT FROM THE S14D

- METAL FABRICATION SHOPS
- AUTOMOTIVE MANUFACTURING
- AEROSPACE AND DEFENSE
- ENERGY AND PETROCHEMICAL
- FOUNDRIES AND CASTING
- KNIFE MANUFACTURING AND TOOL SHOPS
